ASHRAE CODE OF ETHICS

As members of a society organized and operated

"for the exclusive purpose of advancing the arts and sciences of heating, refrigeration, air conditioning and ventilation, the allied arts and sciences and related human factors for the benefit of the general public"

We recognize that, in addition to competence and integrity; honesty, fairness, and courtesy must characterize our conduct if our objectives are to be realized.

With the foregoing in mind

1. Our efforts should be directed, at all times to the enhancement of the public health, safety and welfare.

2. Our services should be offered only in areas of our competence.

3. Products should be offered only in areas of their suitability.

4. Our public statements should be issued only in an objective and truthful manner.

5. Our endeavors should carefully avoid conflicts of interest.

6. The confidentiality of our client’s or employer’s business affairs, proprietary information, and procedures should be respected.
